Workgroups

Considering that the total number of participants will be around 50 people, the two themes of the work groups will be discussed into 4 groups with 12-14 participants so that it will be easier to discuss and exchange experiences.

The themes of the work groups will be the following:

1. Education and training for farmers and young people living in rural areas
2. Opportunities for developing the rural areas starting from the needs of farmers and city/countryside relation.

Please, inform Emilio and Laura where the people of your delegation will participate (Theme 1 or 2).

During the work group session there will be the presentation of other best practices from Borgotaro, Falköping, Jalasjärvi, Camarinas and Vila de Cruces in order to give more input to the discussion.

List of participants

Even though the EU does not want anymore an official list of participants, we would like to ask you to fill the document you find as attached file with the data of the participants in the event in Camarinas. Let the document sign by the project contact person and put the stamp of your Municipality. This procedure will be done for all the events so Borgotaro Municipality can keep all the data in case of audit from the EU.

Participants

Delegations from the following municipalities (From North to South and East to West)

- Jalasjärvi, Finland
- Falköping, Sweden
- Buzet, Croatia
- Oprtalj - Portole, Croatia
- Pellegrino Parmense, Italy
